### INSTRUCTION:

- Please use this template to provide your answers
- You need to complete the questions independently
- After you complete the questions, please print this Word document to PDF and name the PDF file to LASTNAME\_FIRSTNAME\_Project#.pdf (replace # by the project number).
- Submit the PDF file to D2L.

### Question 1

Below are screenshots of the website and my code terminal when I paste the URL. Unfortunately, I was unable to get any data when pasted the website into google. I was able to receive a connection as you can see in the last line of my code terminal screenshots, however I'm not exactly sure why the google page wasn't working.
